Forecast for Saturday 20 Nov 2021

Weather: Overcast this morning with some patchy light rain or drizzle, mainly focused across western and southern ranges. Mainly dry this afternoon with some brighter spells developing, predominantly across eastern areas, then a band of mostly light and patchy rain moves across the Brecon Beacons this evening. By midnight dry conditions will have followed, with cloud breaks possibly as well.

Chance of cloud free mountain/hill tops above 600m: 20% becoming 70% this afternoon, but decreasing 20% again this evening with the rain. Improving 95% just before midnight.

Visibility: Good or very good with distant hills visible, becoming moderate or poor with nearby hills visible in rain and drizzle, and very poor in hill fog where large tracts of land are covered with extensive cloud. Hill fog above 450m will be widespread at first and again this evening, this afternoon becoming mainly confined to western and southern areas.
